

(September 9, 1950)

To the Party Committees and Political Departments of all Military Regions:

We are issuing to you the plan for the 48th Army under the Central and Southern Military Regions to launch a democratic movement within its companies. We hope that you will also mobilize your subordinate units to launch a democratic movement within your companies under well-led and orderly conditions, to raise the awareness of officers and soldiers, improve relations between officers and soldiers, and ultimately achieve the goal of strengthening combat effectiveness through respect for officers and soldiers. The 48th Army's plan may be distributed to other armies for reference.
